SafariMontage is a Universal App that works in conjunction with a properly configured SAFARI Montage® server. It provides a Student Response System solution for formative assessments, as well as access to room device controls and video content maintained on the SAFARI Montage® server.

- Assessments are authored on the SAFARI Montage® server.
- Students log in with their SAFARI Montage® server credentials.
- Questions with multimedia are presented to the student on their device via a local Wi-Fi network.
- Responses are collected by the SAFARI Montage® server.
- Classroom results are available to the teacher in real time.
- All data is retained on the SAFARI Montage® server for later analysis and retrieval.

Get It?™ assessment support requires a SAFARI Montage® server with Digital Curriculum Presenter™. Please see <http://www.safarimontage.com> for details.
