

iAVRover

A Classroom's Best Friend.

Make the most of your iPad™/iPhone™

Instruct your class wirelessly from your iPad or iPhone

Read iBooks as a class, highlight key passages, save compositions instantly, easily and wirelessly. The iAVRover lets you share the latest apps with your class, and frees you to walk around the classroom inspiring, engaging, and checking individual student's progress as you go.

Everything you need for a complete solution

The iAVRover comes with a projector, DVD player, sound system, laptop connections, a built in storage compartment and wireless mirroring hardware/software integrated within.

Easy to use

Bringing lessons to life is easy with the iAVRover. Simply plug your system in, turn it on and transform any wall, surface, or pull down screen into an iPad™/iPhone™ mirrored platform for your entire class to enjoy.

Your choice of Short or Standard Throw projector

Teach where you want, the way you want.

- iPad™ /iPhone™ wireless mirroring
- Adjustable image size and height
- Professional sound system
- Totally secure even when in use
- Retractable video and audio cables
- Shareable between classrooms
- No setup time
